The Ancona World Conference will be a unique event to spread the message on Ozone Therapy to the entire World.

The conference will host the most excellent speakers from China, Japan, Europe, USA, South Africa, Latin America and many other colleagues from Italy, joined in a sole meeting like a big Family of Scientists, Clinicians and Experts with a huge experience in the field of Ozone Therapy.

NO MORE BORDERS!

Not only Italy, but all the eyes from all over the world will look to us!

Hundreds of participants confirmed their presence already; finalize your inscription as soon as possible to be sure to have a place reserved for you.

All the most recent evidences and uses of ozone in the different fields of medicine will be discussed by the world's leaders.

Round Tables and Workshops will be organized during the meeting and a poster session will be available for the scientific papers on ozone therapy.

The Ancona airport (AOI) can be reached from Rome or Munich major Hubs.

Alternatively, you can flight to Bologna Airport and reach our city by train.
